

## Junior Architectural Designer

AP+I Design is currently experiencing exciting growth and seeks Junior Architectural Designer to play a pivotal role in our Mountain View studio.

Our clients' diverse viewpoints are catalysts for our ideas. We are artists at heart. We crave establishing their visionary design principles all the way down through the intricacy of their details. We are creators of interior environments for organizations — ranging from those freshly emerging into the market to those maturely established across multiple locations.

This position will support project teams on a wide range of projects, with the opportunity to learn everything from as-builts, space planning, construction documents and detailing, permitting, and construction administration.

### What We Are Looking For:

- Collaborate with Architectural and Design teams
- Develop skills in project coordination and documentation required for agency approval, bidding purposes and construction
- Learn to coordinate with consultants during each phase of documentation
- Field verification and as built documentation of existing building or site conditions
- Obtain data from project designer and project consultants to participate in the documentation and specifications for a project.
- Participate in the material selection and design for projects
- Assist in the checking of shop drawings and submittals during construction observation phase
- Reinforce the project schedule + budget parameters led by the Project Manager
- Learn to develop new construction details as needed
- Act as team resource for project related technical information

### Preferred Qualifications:

- Degree from an accredited architectural or related design program
- Proficient in Revit and AutoCAD
- Demonstrated ability to organize and produce construction documents in Revit and AutoCAD
- Awareness of California building codes, sustainable design and construction detailing
- Prior intern positions desirable.

### How to Apply:

This is a full-time position with a complete benefits package. Compensation is based on skills and experience. Please send resume and samples of design work (10 MB max) to [info@apidesign.com](mailto:info@apidesign.com).

AP+I Design is based in Mountain View, California and its portfolio of commercial projects span a local and global presence. AP+I Design is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment regardless of race, religion, color, national origin, sex, age, genetic information, sexual orientation, status as a protected veteran or status as a qualified individual with a disability or any other characteristic protected by applicable Federal, State or Local law.
