

Senior Environmental Graphic Designer

AP+I Design is looking for a Senior Environmental Graphic Designer to play a pivotal role in our Mountain View, California studio.

AP+I is a woman-owned architectural, planning, interior design and environmental graphic design firm. We are passionate, client-focused and collaborative. Joining our team requires the ability to put our clients' interests first by developing innovative design concepts and custom solutions tailored to each project.

We partner with our clients to bring their brand, culture and vision to life in a holistic way locally, domestically and internationally. We are a supportive family that works together to get the job done (and has fun doing it!). We value great attitudes, flexibility and a thoughtful approach to design. Our Zero Net Energy building embodies our environmental responsibility by creating a workspace that enhances wellbeing with minimal environmental impact.

The ideal candidate for this position has a passion for high quality design and a positive, collaborative work style. If you're a driven, creative, detail-oriented designer interested in being a key member on our Environmental Graphic Design (EGD) team, we'd love to talk to you!

Responsibilities:

- Partner with interior designers and architects to develop breakthrough ideas and conceptualize creative solutions that meet client needs for environmental graphic, branded environment, wayfinding and signage projects.
- Visualize 2D and 3D design solutions through the use of sketching, elevations, plans and renderings.
- Lead client presentations and correspondence as it relates to environmental graphics and signage.
- Produce high quality environmental graphic and signage deliverables independently and with our internal teams.
- Manage project schedules, deliverables and internal teams as needed, providing art direction where appropriate.
- Document design and coordinate vendors/fabricators to maintain design intent.
- Produce print-ready production files.

Minimum Qualifications:

- A bachelor's degree in graphic design or related field.
- 7 years (minimum) professional experience planning, conceptualizing, documenting, and managing environmental graphic, branded environment and/or wayfinding projects.
- Strong typography, composition, color and graphic design skills.
- The ability to listen and work collaboratively with team members from various creative disciplines.
- Understanding of architectural scale and ability to read and produce architectural plans, elevations and sections.
- Strong organization and time management skills to meet established deadlines, budgets and design expectations.
- Strong communication and presentation skills.
- Excellent computer skills. (Adobe Illustrator, CADtools, Photoshop and InDesign are a must. SketchUp and Autodesk Revit are a plus.)
- Self-motivated and current on market trends and research as it relates to AP+I Design's client base.
- Fundamental knowledge of California signage codes.

How to Apply:

This is a full-time position with a complete benefits package. Compensation is based on skills and experience. Please send resume and samples of design work (10 MB max) to info@apidesign.com. AP+I's office is currently work from home due to COVID restrictions. However, some onsite visits should be anticipated and the position will return to onsite as safety and regulations allow.

AP+I Design is an Equal Opportunity Employer.

Applicants must be eligible to work in the United States.
