

Interior Designer

AP+I Design is looking for an intermediate level designer with strong job captain skills and 4 to 6 years of experience. We are a mid-sized interior architecture firm located in Mountain View, serving the Silicon Valley's top tech companies, venture capital firms, as well as tenant improvement work for major property management companies. Our goal is to have delighted, repeat clients and a long-tenured staff of dedicated professionals in a family-like environment. This position will support a project manager on a wide range of projects, with responsibility for everything from as-builts, space planning, design, production work and permitting, to construction administration. If you're a driven and creative, passionate and collaborative, and you're interested in being a key design champion within our studio — we'd love to talk to you!

What Our Expectations Look Like...

- Provide Interior Design leadership while promoting a collaborative project team approach
- Advanced knowledge of Interiors to guide, direct and mentor project team(s) from vision through execution of the design solution
- Interpret project requirements and goals, to develop and define the client's workplace solution
- Promote client/owner engagement with a keen sense for guiding them effectively through the design process
- Reinforce the design schedule + budget parameters led by the Project Manager
- Coordinate the comprehensive design + technical implications with consultants + vendors to ensure seamless integration of the Interiors with site, architecture, building systems, lighting, technology, acoustics and furnishings.
- Assist in raising the bar for design excellence within the studio by communicating through visual + verbal design strategy presentation
- Self-motivated to have the pulse on market trends + industry knowledge relative to AP+I Design's client base
- Active in key industry events
- Holds a Bachelor Degree, or recognized equivalent, in Interior Design or Architecture from a FIDER accredited program

Preferred Qualifications:

- Possess LEED AP, NCIDQ or CCIDC certification
- 4-6 years of professional experience in workplace inclusive of planning, conceptualizing, documenting, presenting
- Proficiency in Revit, SketchUp, Photoshop and InDesign programs

How to Apply:

This is a full-time position with a complete benefits package. Compensation is based on skills and experience. Please send resume and samples of design work (10 MB max) to careers@apidesign.com.

This is an onsite job. Candidates need to be either a US citizens, noncitizen nationals, lawful permanent residents, or aliens authorized to work.
