

## Mid Level Environmental Graphic Designer

Plus at AP+I Design is looking for a Mid level Environmental Graphic Designer to play a pivotal role in our Mountain View, California studio.

AP+I Design is a woman and minority owned architectural, planning, interior design and environmental graphic design firm. We are passionate, client-focused and collaborative. Joining our team requires the ability to put our clients' interests first by developing innovative design concepts and custom solutions tailored to each project. Plus at AP+I is an interdisciplinary EGD group designing solutions to amplify brands and experiences in the built environment.

We partner with our clients to bring their brand, culture and vision to life in a holistic way locally, domestically and internationally. We are a supportive team that works together to get the job done (and has fun doing it!). We value great attitudes, flexibility and a thoughtful approach to design. Our Zero Net Energy building embodies our environmental responsibility by creating a workspace that enhances wellbeing with minimal environmental impact.

The ideal candidate for this position has a passion for high quality design and a positive, collaborative work style. If you're a driven, creative, detail-oriented designer interested in being a key member on our Environmental Graphic Design (EGD) team, we'd love to talk to you!

### Responsibilities:

- Partner with the Environmental Graphic team, interior designers and architects to develop breakthrough ideas and conceptualize creative solutions that meet client needs for environmental graphic, branded environment, wayfinding and signage projects.
- Visualize 2D and 3D design solutions through the use of sketching, elevations, plans and renderings.
- Work with the Environmental Graphic team, interior designers and architects to create presentation materials.
- Document design through plans, elevations and details. Coordinate with vendors to maintain design intent.
- Produce print-ready production files.

### Minimum Qualifications:

- A bachelor's degree in Environmental Graphic Design, Industrial Design or related field.
- 5-8 years professional experience planning, conceptualizing, documenting, and project managing environmental graphic design, branded environment and/or wayfinding projects.
- Strong typography, composition, color and graphic design skills.
- The ability to listen and work collaboratively with team members from various creative disciplines.
- Understanding of architectural scale and ability to read and produce architectural plans, elevations and sections.
- Strong organization and time management skills to meet established deadlines, budgets and design expectations.
- Strong communication and presentation skills.
- Excellent computer skills. (Adobe Illustrator, CADtools, Photoshop and InDesign are a must. SketchUp and Autodesk Revit are a plus.)
- Fundamental knowledge of California signage codes.
- Self-motivated and current on market trends and research as it relates to AP+I Design's client base.

### How to Apply:

This is a full-time position with a complete benefits package. Compensation is based on skills and experience and salary range is 90K-105K.

AP+I has a flexible hybrid model of equal remote and in-the-office number of hours. AP+I Design is an Equal Opportunity Employer. Applicants must be eligible to work in the United States.
